

Indoor Kitty Obstacle Markers

In memory of Archie, my beloved kitty of 16 years who always loved a good game of hide-and-seek.

It's kitty time!

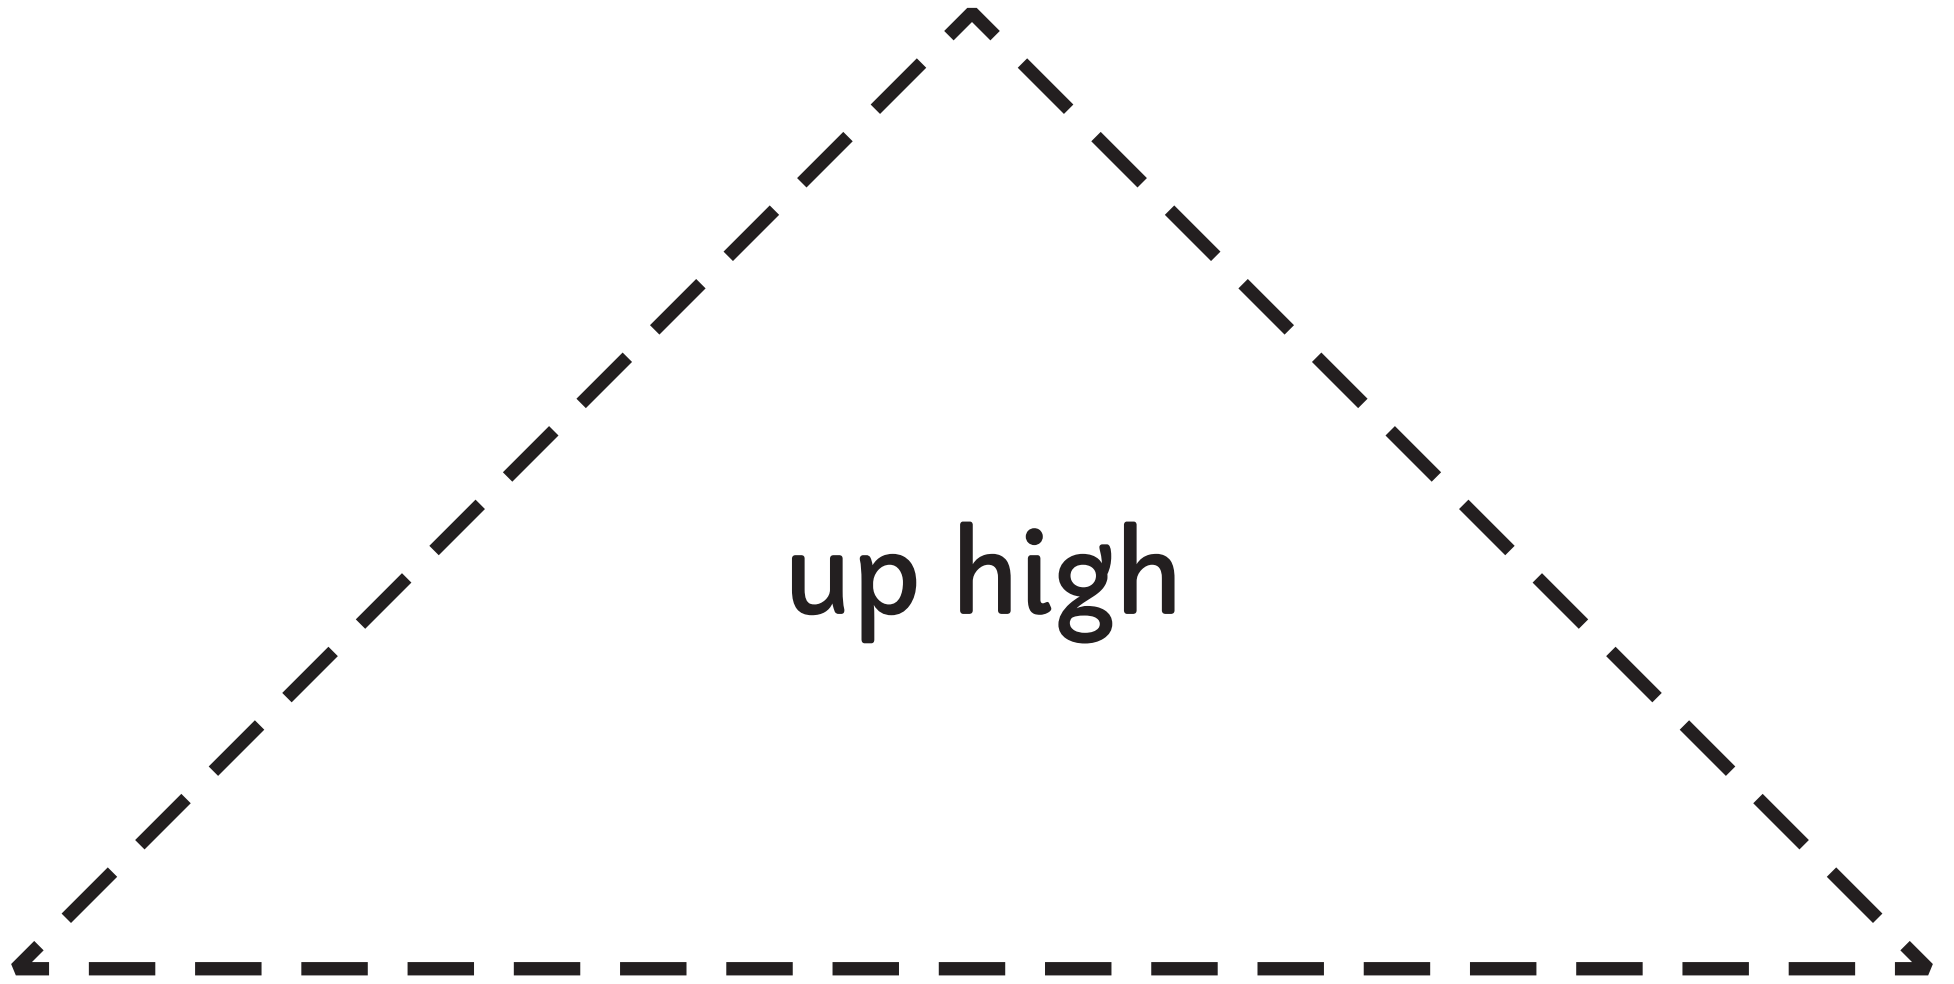

Step 1: Print these handy pages (cut 'em out or not) and place the markers around your house—on the couch, on a cat tree, under a bed, or other fun and safe spot for your kitty to explore.

Step 2: Then grab your kitty string or shoelace and prompt your kitty to go from marker to marker. Enjoy exercise together as you run through the obstacle markers and remember to give a treat and extra kisses to your kitty.

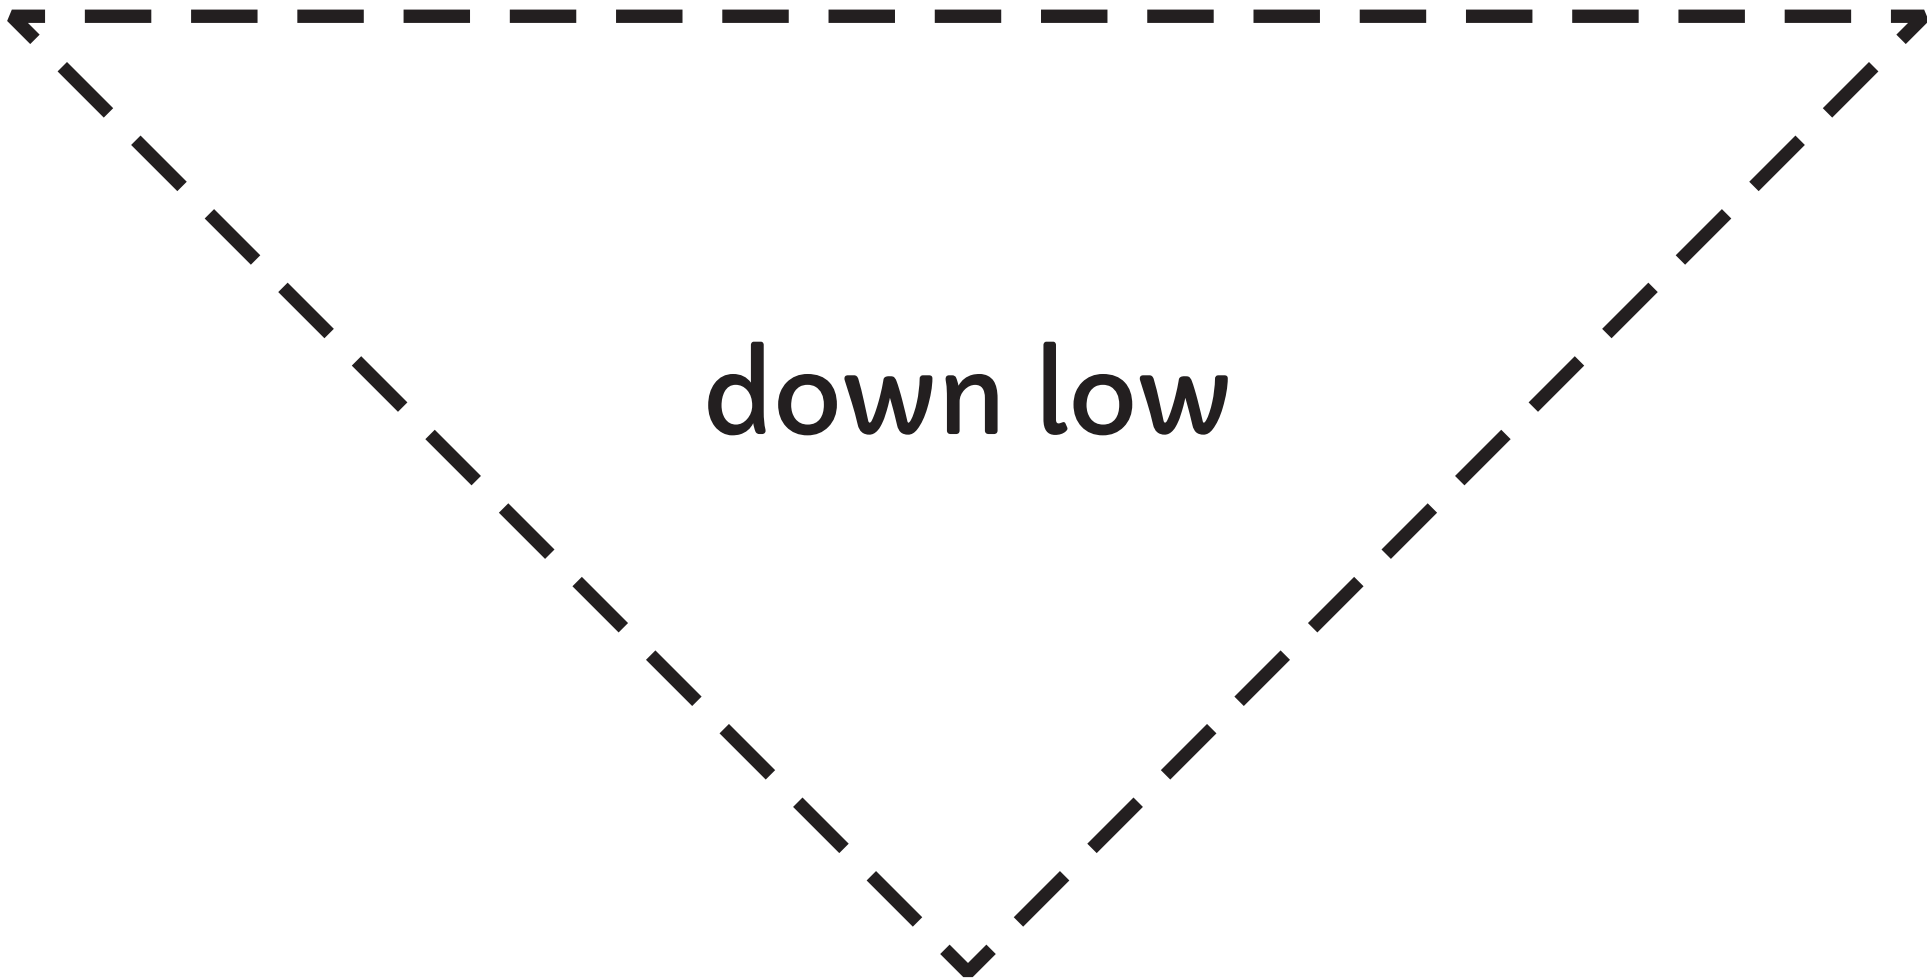

Extras: You'll see some additional markers at the end for your own custom ideas.

Did you and
your kitty have
fun with these
kitty markers?
